Outcall Support

Available by request

For hotels, client homes, outcalls or other external locations, safety companion support may be available by request and priced separately depending on location, time, duration and support required.

Client Entry Procedure

- Clients must be visually verified before entry where applicable.
- If a client appears intoxicated, aggressive, unsafe or significantly different from booking information, do not allow entry.
- If you feel uncomfortable for any reason, contact Sinful Secrets or the safety companion.
- You may end a booking at any time. You are never required to provide a reason.
- For immediate danger, call 000.

Important: Safety companion support does not replace emergency services. If there is immediate danger, call 000 first.

Room Hire Expectations

We want the room to feel safe, discreet and comfortable for every approved model who uses it. These expectations are here to protect you, the property and every other model who books the space.

Rooms & Common Areas

- Booking time begins and ends at the scheduled time.
- Late arrival does not extend booking time.
- Allow time to reset and tidy before your booking ends.
- Use fresh linen and towels appropriately.
- Use shared spaces respectfully.

Respect & Privacy

- Keep noise to a respectful level.
- No drama, no harassment and no unsafe behaviour.
- Do not discuss other models, clients or private property information.
- Remove personal belongings before leaving.

Property Care

- Report damage, stains, maintenance concerns or incidents immediately.
- No smoking inside or near open doors/windows.
- No unauthorised guests in the house.
- No filming or photography in common areas.

Address & Property Privacy

The exact property address and access details are private. Protecting the location protects everyone who uses the space.

Do Not Share

This applies before, during and after room hire.

- Exact address, street name, suburb details beyond approved wording, access codes, lockbox details, CCTV or security information.
- Floor plans, screenshots, identifying photos, entry instructions, safety procedures or any details that could identify the property.
- Do not post, send, publish or disclose details on social media, advertising platforms, escort directories, private messages, text messages, forums, group chats, to clients, friends, third parties or in person.

Approved wording such as "North Brisbane location" may be used where appropriate. The exact address is only provided where required and must never be made public.

Booking, Cancellation & Damage Guide

Booking Notice

Current launch policy

Room bookings currently require at least 4 hours notice. As demand grows, rooms may need to be booked further in advance. Extensions may be available if the room is free and approved.

Cancellation Guide

Credit based policy

24 hours notice is required to receive a full booking credit or reschedule. Less than 24 hours notice may result in a 50% booking credit only. No-shows may forfeit the booking fee.

Care of the Space

Fair and respectful use

- Booking credits are non-transferable and not redeemable for cash.
- Late arrival does not extend booking time. Early departure does not reduce the booking fee.
- Damage, excessive cleaning, missing items, significant stains or serious rule breaches may result in additional charges or loss of future room access.
- Please report concerns early so issues can be addressed quickly and discreetly.

Application, Approval & ID Verification

Applications are reviewed for suitability, safety and platform standards. Approval is not automatic.

Application process

- 1 Read this information pack and choose advertising, room hire access or both.
- 2 Submit the model application form with accurate information.
- 3 Complete any requested verification using the secure link supplied.
- 4 Sinful Secrets reviews the application and may request clarification.
- 5 If approved, package, payment or room-hire instructions are sent.
- 6 Access begins once approval, confirmation and payment requirements are complete.

How model ID is handled

If ID or a selfie check is requested, the upload is made directly to the secure Sinful Secrets SharePoint verification area - not to WordPress or email.

- Never email or attach identity documents to an application email.
- Only authorised administration can view the documents for the verification decision.
- Public profiles do not display private verification documents.
- WordPress and email retain the case reference and decision status, not the ID files.
- Model ID is deleted within 30 days after the application decision.
- Unresolved model intake has an automated maximum retention period of 90 days.

IMPORTANT

Use only the secure SharePoint upload link supplied by Sinful Secrets. If you accidentally send an ID by email or through a website attachment, contact administration immediately so it can be removed.

Profile Content Standards

You may need to provide

- Stage name
